

Model 266 WC

Tiger Oak

Model 266 WC is a reference quality floor standing system designed for high quality stereo or home theater. It boasts (2) 6" – Wool carbon Quiet Cone™ woofers, for solid high definition bass down to below 30 Hz, with a state of the art silk dome Vifa tweeter. A minimum phase crossover, featuring polypropylene capacitors and 2% air core inductors assures smooth transition between drive units and maintains time coherency. Proprietary interior bracings substantially reduce resonances and minimize coloration. **See Graph.**

Unequaled in its ability to resolve Low-level detail, the 266 WC also has excellent dynamic range and the ability to project a 3 dimensional sound stage.
